### Self Trimmed Winter Coats

Style is important, but utility

We are certain that you will  
find the good wearing qualities  
that you seek in these garments;  
the materials are of all wool, the  
dye is guaranteed to hold fast,  
and the styles are correct. The  
coat illustrated is a representa-  
tive example, at the attractively  
low price of

\$17.50, \$22.50 and \$30.00

Leedsbury. She keeps her job at the mill and works there when she is  
not needed at the town hall.

### WOMAN JUROR DID NOT ASK TO BE CALLED, SHE TELLS THE JUDGE

HACKENSACK, N. J., Oct. 5.—(I.  
N. S.)—Among the women called to  
serve as petit jurors in the Bergen  
County Circuit Court was Miss Leah  
DeLott, of Englewood. She was the  
only one of five women called who  
asked to be excused from jury duty.

When asked her reason she said:  
"I didn't ask to be selected as a  
juror."

"Neither did the men called," ob-  
served Judge Culver. "Is that your  
only reason?"

"Well, I don't feel like serving," she  
said.

She served.

### IMMIGRATION LAW IS ENACTED BY MEXICO

MEXICO CITY, Oct. 5.—(I. N. S.)—  
Because Mexico already has multitudes  
of poor people the Government wants  
no additions from foreign lands. For  
this reason a decision has been reached  
that immigrants from Europe must  
possess 1,000 pesos, or \$500, to be ad-  
mitted into Mexico.

This is to prevent an influx of pov-  
erty-stricken families which, instead  
of developing farmland and adding to  
the wealth of the nation, would im-  
mediately enter into competition with  
Mexican wage earners.

A number of colonization schemes  
will be affected by this new require-  
ment that newcomers must have \$500.  
There are plans on foot to bring into  
Mexico great numbers of immigrants  
from Russia, Germany, Austria, Italy  
and other countries, in the manner in  
which hordes were shipped to the  
United States in former years.

But Mexico is not like the United  
States. It does not need and could  
not receive even a small part of what  
was once the annual inflow into the  
United States of men and women who  
carried with them empty pocketbooks,  
bad appetites and immediate need of  
work.

Some hard experiences have guided  
the Mexican Government to its new  
policy. Arrivals who have come for  
the purpose of forming the farming  
colonies have proved to be nothing  
more than groups of wage earners  
with no thought of engaging in agri-  
culture. These have scattered to vari-  
ous cities and have become competi-  
tors of Mexican workers at a time  
when work has been scarce in Mexico.  
One party of six hundred German  
farming colonists did not proceed  
further than Mexico City. Members of  
the "farmers" came to Mexico with  
the intention of seeking work at Tam-  
pico, having heard tales that enormous  
wages were paid there.

It is said that more recent arrivals  
from Germany are actually going  
upon the land and that some prosper-  
ous colonies have been formed.

### ECHO TEACHERS WILL BE GIVEN RECEPTION

(East Oregonian Special.)

made for a public reception at the city

ing program is being arranged after  
which light refreshments will be served
